THE JAPANESE STUDENTS' CHRISTIAN ASSOCIATION IN NORTH AMERICA

History

THE Japanese Students' Christian Association in North America, the dream of many a Japanese student in the past, was proposed at a meeting of Japanese delegates to the Student Volunteer Convention at Indianapolis in January, 1924. Since then it has made a record growth and in the following June the national organization became a reality. The appointment of the Committee of Twenty at Indianapolis, the nation-wide discussion of the proposed plan, the organization of twenty-one local chapters all over the country from the Atlantic to the Pacific, the drafting and adoption of the national constitution, and the election of the national officers—these were the high spots in this historic movement. With the successful conclusion of the eastern and the middle western sectional conferences in June of that year and the meeting of the Central Executive Board in September, the J. S. C. A. officially entered the first year of its activity. This is the second year of the movement.

Objects

THE objects of the J. S. C. A. are three-fold: (1) to unite all Japanese, especially Christian, students and to cultivate an organized effort; (2) to promote growth of Christian character and fellowship among its members and to spread the Christian way of life among Japanese students in America; (3) to stimulate capacity for service and to render needed services for the general welfare of Japanese students in America.

Practical Aims

BOTH nationally and locally, the J. S. C. A. will attempt to relate Japanese students to Christian influences in reading, daily contact, and practical life. For this purpose the Local Chapters will endeavor to emphasize personal evangelism, to conduct religious forums or discussion groups, to foster prayer circles and prayer life, to encourage attendance at student Christian conferences, to organize sectional conferences, and to encourage contact with Christian homes.

Through the cooperation of Local Chapters and the Friendly Relations Committee, the J. S. C. A. will attempt to promote friendly relations both among Japanese students and between Japanese students and American friends, as well as students from other lands, to the end that the Christian principle of brotherhood may prevail.

Organization

THE J. S. C. A. is simple in its organization and consists of the four following divisions:

(1) **Local Chapters.** The members in each locality are organized into a Local Chapter in order to promote locally the objects of the Association and to provide a program of service and spiritual training for its members.

(2) **Central Executive Board.** The Central Executive Board is composed of the national officers elected by members and the General Secretary. It supervises the national affairs and activities of the Association.

(3) **General Secretary.** The Secretary for Japanese Students of the Committee on Friendly Relations among Foreign Students

serves the J. S. C. A. as its General Secretary to maintain a central office, to execute the program of service, to visit Local Chapters and scattered members in the interest of the Association, and to supervise the publication of the Association.

(4) **Central Advisory Committee.** The Central Advisory Committee is composed of ten friends of the J. S. C. A. movement to give advice and moral encouragement in all activities of the Association.

Membership

THE Regular Membership in the J. S. C. A. is limited to Japanese students who are in sympathy with the objects of the Association and who make declaration of purpose to work for their realization. Any person, not a student, both Japanese and American, who is interested in the work of the Association, may become a Cooperative Member. The right to hold office, however, is restricted to the regular members who are the professed followers of Christ.

J. S. C. A. Branches in Japan

IN order to bring together ex-J. S. C. A. members and to carry out the J. S. C. A. purposes in Japan, two branches are proposed as follows:

(1) The Kwanto Shibu will be located in Tokyo. The following persons will act as its chief exponents until it can be more definitely organized: Prof. Takuo Matsumoto, Aoyama Gakuin, Aoyama, Tokyo; Miss Taki Fujita, Tsuda Eigaku-Jiku, Tokyo; Mr. Ryoichi Sawano, Tokyo Gakuin, Tokyo; and Rev. Hayao Kashiwagi, Haraichi-Machi, Haraichi, Gunma-Ken.

(2) The Kwansei Shibu will be located

in Osaka with the following persons: Mr. Genjiro Yoshida, 330 Kaigara-Cho, Minami-Ku, Osaka; and Mr. Tetsutaro Ariga, Doshisha University, Kyoto.

Any student in Japan who wishes to receive information concerning American college life and education is asked to communicate with any one of the above.

Program of Service

THE Japanese Student Bulletin. The Bulletin is published monthly, during the academic year, from October to June inclusive, as an official organ of the J. S. C. A. It is edited by the General Secretary and distributed free of charge to its members and friends. The eight pages of the Bulletin contain general news of interest to Japanese students, J. S. C. A. news, student forum, condensed news from Japan, special short articles of informational nature, book reviews, bibliography of current periodical literature on Japan and things Japanese, and editorial notes.

The Directory of Japanese Students in North America. The Directory of Japanese Students is published once a year and distributed also free of charge to its members and friends. It contains a complete list of Japanese students who are studying in the institutions of higher learning in North America.

J. S. C. A. Pamphlets. With the hope of serving the needs of Japanese students in America, the J. S. C. A. has taken steps to publish a series of pamphlets, of which the following will appear this year:

(1) **Educational System in Japan.** This is an attempt to correlate Japanese and American institutions of higher learning, thereby facilitating the entrance to American institutions of Japanese students.

(2) **American Colleges and Universities.** This is an attempt to explain the American educational system for the benefit of newcomers, especially by providing guides to institutions according to subjects of studies and also to technical and professional schools.

(3) **Japanese Second Generation Problems.** This is an attempt to formulate suggestions for definite plans toward the solutions of the problem on the Pacific Coast, and to arouse public interest toward definite, practical works.

J. S. C. A. Essay Contest. In order to encourage the study of problems connected with the American-Japanese relations during the past twenty-five years and to do some constructive thinking, the J. S. C. A. is conducting a national essay contest, offering three prizes of \$50, \$25, and \$15. The winning essays will be published.

J. S. C. A. Circulating Library. The Circulating Library, containing both Japanese and English books of lasting and current interest, is being planned in the central office. The books will be rented out by a mere payment of postage fees.

Practical Service. With the cooperation of the Friendly Relations Committee, the J. S. C. A. will render practical service to Japanese students. The following brief summary may show the general nature of these practical services.

(1) **To Students Entering Schools.** The J. S. C. A. gives information and counsel concerning institutions, entrance requirements, courses of study, facilities for research work, expense, living conditions, etc., to students in America or coming from Japan by carefully conducted correspondence or through personal interviews. For

the graduates of colleges and universities in Japan, it will facilitate them by correlating Japanese and American institutions and negotiating for entrance. The J. S. C. A. further helps them, through its nation-wide connections, by introducing them to the local Japanese group and American friends. (Attention of students in Japan is called to the proposed J. S. C. A. branches in Japan already mentioned.)

(2) To Students Returning to Japan. The Traffic Department is always ready to help them secure railway and steamship reservations, vise passports, send baggage or books, etc. It will be glad to notify the Japanese member of the Association staff at the port of arrival in Japan to meet the returning students and assist them in regard to their baggage, custom examination, hotel, etc.

(3) To Students Going to Europe. The J. S. C. A. is in touch with the national student organizations in nearly all European countries. It can supply letters of introduction which may result, on the one hand, in the saving of much trouble, and, on the other, in placing at their disposal friendly assistance not otherwise easily obtainable. It will also furnish information concerning colleges and universities in Europe and the sailing of steamers to Europe and secure reservations.

(4) To Students Planning to Travel in America or Canada. The J. S. C. A. will assist them in making their itineraries and reservations. It will give letters of introduction to proper authorities and Japanese students and friends in various cities or colleges so that the traveling students will receive proper attention upon their arrival and necessary cooperation to attain their objects.

(5) **To Students Wishing Mail Service.** The J. S. C. A. will receive and forward mails anywhere. The students who are uncertain of their permanent address will find this service extremely useful. It can also help locate any Japanese student in an American college or university, or to communicate with persons in Japan.

(6) **To Students Making Purchases.** The J. S. C. A. will help them, as far as possible, buy whatever they need, particularly books, at considerable saving of money.

(7) **To Students Looking for Lodging.** The J. S. C. A. will reserve or help to secure proper lodging places for new students in New York City or, through the cooperation of Local Chapters, anywhere throughout the country.

(8) **To Students Looking for Employment.** As far as possible the J. S. C. A. will gladly help students to find employment, either for practical experience or for financial need. It is hoped that this important work will be further developed so that, in the near future, definite connections can be established to help secure employment for students graduating from colleges, not only in America, but also in Japan.

(9) **To Students Needing Counsel in Personal and Religious Problems.** The General Secretary will give his friendly aid to any student in his personal, moral, and religious problems, or his adjustment to American life. The local leaders all over the country are always at the service of students in getting in touch with the churches, best American homes, and friends.

(10) **To Friends Wishing to Get Speakers on Japan.** The J. S. C. A. will help to furnish speakers for various occasions from among Japanese students at different parts of the country.

FRIENDLY RELATIONS COMMITTEE

THE J. S. C. A. is at present affiliated with the Committee on Friendly Relations Among Foreign Students, whose Secretary for Japanese Students serves the former as its General Secretary. In fact, the J. S. C. A. owes its existence mainly to the encouragement and cooperation given to the Japanese student Christian movement by the Friendly Relations Committee.

The Friendly Relations Committee was organized in 1911 by Dr. John R. Mott and a little group of far-seeing men in New York City, and ever since is a part of the International Committee of the Young Men's Christian Association. It maintains its headquarters and offices at 347 Madison Avenue, New York City, and its diverse works are directed and conducted by a staff of six secretaries, including several national secretaries. Mr. Charles D. Hurrey is (has been since 1915) the General Secretary and Mr. Edward H. Lockwood, the Executive Secretary. In the Japanese division of the Committee, Dr. Roy H. Akagi is acting as its Secretary for Japanese Students.

The aim of the Friendly Relations Committee is the development of Christian character among foreign students. Together with this fundamental aim, the Committee hopes to render innumerable other services toward the welfare of students from other lands. Its services and facilities are available, free of charge, to students and professors from every land, without distinction of race, color, or religious profession. The Committee is interdenominational and international in its membership and spirit; it seeks to meet the student's immediate need and to cooperate with him in realizing his highest aspirations. It recognizes the need of friendly mediators between

the foreign students and the people and institutions of America. It is the Committee's sincere desire that the student shall get what he has come for and that, returning, he shall entertain feelings of affection for America and that he shall devote his energies to the promotion of international friendship and goodwill.

KEY TO DIRECTORY

The Directory is arranged alphabetically by states and by colleges in each state. The places where the colleges are located are indicated in parenthesis after each college. The names of students are also alphabetically arranged by colleges. The index at the end of the Directory will take the place of the alphabetical list of all Japanese students.

Each name, if complete, should contain the following information: family name and given name; major course and class in parenthesis; college address; birth place in parenthesis; preparatory school or higher institutions from which the student had graduated.

The Directory contains the names of students who are born in Hawaii and on the mainland of America although they are the citizens of the United States of America. This is done for the sake of convenience; it has no political significance whatsoever.
